Contemporary

At its core, the word "contemporary" means "of the moment." Sleek & thoughtful, contemporary design spaces often feature a mixture of both straight and elegantly curved lines, which can be seen as a slight nod to this style's Art-Deco roots. Today, the look is defined by curved lines, and embraces minimalistic elements highlighting grays, beiges and shades of white. Although the contemporary trend changes with time, the basic cutting edge simplicity and idealism remains as unique as your vision.

Victorian

Victorian Mouldings hearken to the richness of old world artisan builders, craftsman and clothiers that regarded every part of their work a piece of art. It is a style that can transform the bland into a bold statement of line and form. Ornate mouldings can be combined to restore a great Painted Lady or add a subtle flair and richness to add glamour to any room in your home.

Craftsman

Craftsman homes are full of endless detail and character, known for their natural materials, cozy interiors, and wide porches. Patterns and lines show the Arts & Crafts Architectural style through the use of natural woods combined with simple paint schemes. Wainscoting or beadboard detailing, and decorated ceilings with beams will help to give your home that warm feeling.

The Carter Millwork Advantage

Carter Millwork products are made of polyurethane material - a strong, long-lasting and cost-effective alternative to wood and polyester. Each piece of our moulding is individually inspected to ensure compliance to our exacting quality standards.

There are many reasons to choose Carter Millwork products:

- An extensive selection of in-stock items available for immediate shipment
- Thousands of unique profiles available
- Unlimited custom capabilities from historic replicas to contemporary designs
- Polyurethane non-shrink product for compatibility to any moulding profile
- Impervious to moisture - interior or exterior use
- Paintable or stainable - cuts like wood
- Fastest custom order turnaround in the industry
- Stock products shipped within 21 days on custom orders
- Competitive prices
- No minimum order size
- Warranty that moulding is free from defects in materials and workmanship for as long as the original purchaser owns the structure
